Organization Description:

Gabriel Network is a pro-life Christian ministry whose vision is that every vulnerable mother and child be embraced in Christ's love and the care of His people. Gabriel Network's mission is to empower a committed network of Christian churches to accompany pregnant mothers and families in need by providing practical, emotional, and spiritual support through pregnancy and beyond. It realizes this mission through three programs: a Helpline, a Church-Based Ministry, and a Housing Ministry. Gabriel Network's Church-Based Ministry matches mothers in need with dynamic volunteer groups at local churches who work directly with the mothers to serve them through practical, emotional, and spiritual assistance.

General Summary of Position:

It is the goal of the Church-Teams' Mentor to develop a trusting, supportive, and intentional relationship with the churches who partner with Gabriel Network. This relationship is understood by the mentor consistently equipping, entrusting, encouraging, engaging, and empowering churches, their coordinators, and their volunteers to serve pregnant mothers in need. A successful relationship will support the churches with resources, coaching, ideas, best practices, intentional communication training, and tools so they are empowered to serve pregnant mothers while confidently knowing Gabriel Network is there to help and serve them. A successful relationship will support Gabriel Network because we will have a clear understanding of the church teams' focus, volunteers, coordinators, and the status of the mothers Gabriel Network has matched with the church team.
